Who are MJAllen Metalwork?

We are a family-owned business based in Ashford, Kent, specialising in all aspects of structural and architectural metalwork fabrication.

As part of the MJAllen Group, we contribute to an annual turnover exceeding £40million. Our comprehensive services include surveying, design, manufacturing, and installation. Combined with strong traditional values, a skilled workforce, and solid financial backing, we are fully equipped to handle projects of any size with confidence and efficiency.

- CHAS certified
- UKCA approved to BS EN 1090 execution class 3
- CPCS appointed person for lifting operations
- CSCS qualified installation teams

Proof of accreditations, insurances and certificates is available on request - just speak to our team.

MJAllen Metalwork is ready to be your exclusive partner for architectural and structural needs. With in-house capabilities, we support your project from start to finish.

Whether providing full manufacturing, finishing, and installation or integrating into an existing project, we bring decades of expertise and strategic investment.

Client feedback

MJA Metalwork worked closely with us to develop concepts into workable solutions. They quickly understood what we needed and communicated with us effectively from inception, through design and procurement stages, into manufacture and installation. We were grateful for their input on this project which was completed on time, on budget, and to a high level of quality.

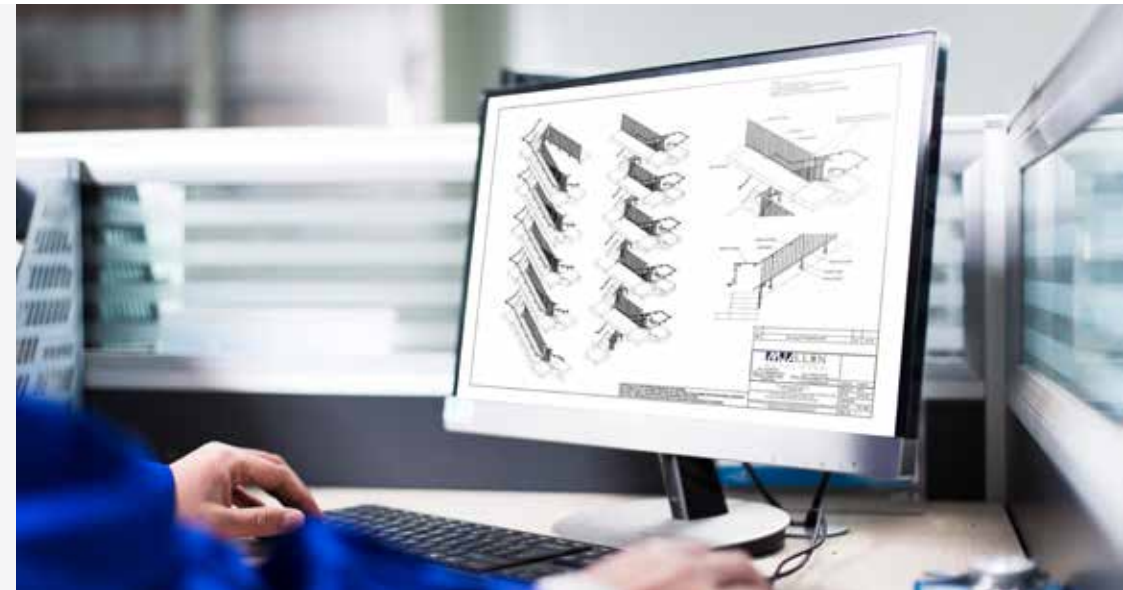

Gallagher Limited

You gave us one of the best shells we have had in a long time.

Marks & Spencer

A tight time schedule for our NHS project - MJA Metalwork finished a two-month project in ten days, including price and fabrication.

Adkins Consultants
